selected for the July World aquatics championship in Budapest, updating the national record established herself earlier in the qualification.

- Yes, I thought and was sure I can improve the previous result, we went to this, worked. I hope it will only get better. I want to show other seconds at the World Cup. We will work harder to do this, more diligently, to improve our results. Of course, the competition is growing, every year it is higher and higher. Young people are already stepping on my heels, and I'm very happy about that. The more competition we have, the higher the results. I hope that we will rise to a completely different level, - shared Svetlana to the All-Russian Swimming Federation.

In the mixed combined relay race 4x100 m silver was taken by the third year of the RSUPESY&T **Valeriy Kolotushkin**, dividing the pedestal with **Kliment Kolesnikov**, **Anton Chupkov** and **Ksenia Yus'kova**.

The Russian Swimming Championship will end on April 14.
